Auction Terms and Conditions for IFMS Vehicles

A General

1. VEBEG Live-Auctions of U.S. Government Non-Tactical Vehicles are governed exclusively by the following conditions.
2. All auctions of U.S. Government Non-Tactical Vehicles are conducted on behalf and for the account of VEBEG's client EURO-IFMS. In individual cases, items can be subject to an Export License.
3. EURO-IFMS is a federal agency of the U.S. Government. IFMS provides fleet management services to U.S. federal agencies in Europe and conducts sales open to the public of Non-Tactical IFMS exchange vehicles.
4. IFMS is not an enterprise in the sense of § 14 German Civil Code (BGB).

B Participation

1. Participation is limited to individual persons of full legal capacity (consumer) and legal entities, who have registered and whose user-account has been activated.
2. For further information on how to register please click the link below.
https://www.vebeg.de/web/en/auktionen/konto_registrieren.htm
3. There is no claim for registration. VEBEG reserves the right to exclude bidders and to cancel registration.

C Procedure

1. All vehicles are offered with a start price in EURO. Bids below the start price are not accepted.
2. A bidder is bound to his bid until it is exceeded by another bid.
3. Bid Increment:

Current Price	Bid Increment
Up to 50,00 €	1,00 €
Up to 100,00 €	2,00 €
Up to 500,00 €	5,00 €
Up to 1.000,00 €	10,00 €
Up to 2.000,00 €	20,00 €
Up to 5.000,00 €	50,00 €
Over 5.000,00 €	100,00 €

4. Bidding on VEBEG works via VEBEG's automated server bidding system. You enter the maximum amount you are willing to pay for the item. Your maximum bid is kept confidential to other bidders. The system bids on your behalf an amount just high enough to equal the start price or to beat the highest bidder's maximum bid. When you are outbid, the system will automatically bid on your behalf up to your maximum bid. The system increases your bid by increments only as much as necessary to maintain your high bid position. If another bidder has placed the same bid before you or a higher maximum bid, we will notify you that you have been outbid so that you can place another bid if you want. However, if no other bidder has a higher maximum bid at the end of the auction, you win the item even if your bid does not go as high as your maximum bid.
5. Auctions end as per fixed date and time. Only VEBEG's server time applies.
6. The contract is awarded to the highest bid at the conclusion of the auction. However, a claim for acceptance of the highest bid does not exist. VEBEG reserves the right to cancel a running auction.
7. The successful bidder will be notified on the acceptance of his bid via email and will receive an invoice annotating the specific vehicle awarded and its price in EURO.
