Example illustration:

A rescue winch can be installed on the helicopter, however, there is currently no valid Aviation authority approval for its installation or use.

PURCHASE PRICE AND PAYMENT

- I. In the case of intra-EU-Community deliveries and in the case of export deliveries to the territory of a third country within the meaning of the German Value Added Tax Act [Umsatzsteuergesetz, UStG], the Buyer shall pay an amount equal to the German value-added tax as security deposit.
- II. The security deposit will be refunded for intra-EU-Community deliveries after the aircraft has reached the corresponding state and the signed "Entry Certificate" of the buyer is presented to VEBEG. In the case of export deliveries, the refund will be made when the customs office of exit has sent the electronic exit note to buyer's and the buyer submits documents stating customs clearance and full payment of import taxation in the third country.
- III. The refund amount shall be forfeited if the requested evidence is not received by VEBEG within 6 months of the invoice date; this shall not affect the Buyer's obligation to submit the evidence.
- IV. The Buyer is required to provide a financial collateral for the fulfillment of the contract amounting to € 20,000.00. This guarantee shall be reimbursed upon completion of the contract. The Buyer has to remove or render permanently illegible the lettering "Polizei", the identification number, the "Bavarian coat of arms" and other insignia visible on the outer shell before further use / transport measures, within three weeks after arrival at the buyer's facility at the latest. Upon completion of these measures, the buyer shall submit evidence to VEBEG.
- V. The total payment obligation consists of the purchase price, the security deposit and the financial collateral.

WARRANTY

- VI. In light of the lack of knowledge on the present condition of the helicopter, VEBEG does not offer any warranties for the type, quantity, quality, condition, usability, operability, admissibility, accident-free history and absence of defects on the helicopter as well as for the completeness of the documentation provided and the compliance of the documentation with the actual, physically installed components on the helicopter.
- VII. The Buyer is aware that the dismantling of the components has an impact on airworthiness of the helicopter that no longer can be guaranteed.
- VIII. The Buyer has no right to demand physical delivery in part or full from VEBEG. The Buyer is only entitled to reimbursement limited to the total payment obligation. Additional rights do not exist, unless an intentional or a grossly negligent act of VEBEG can be proven.

HANDOVER AND PICK UP

Due to government regulations, it is not possible to take off by helicopter at the handover location. The helicopter must be picked up by a suitable truck for transport. It can be dismantled in an enclosed, unheated hall for transport. However, no assistance can be provided for the necessary measures.

All information as provided by the Seller per June 2025* (deviations possible).
